

# **Session IV: Activities with Co-benefits for GHG Inventories or mitigation, and related support**

## **Introduction**

**Kohei Sakai**

*Greenhouse Gas Inventory Office of Japan (GIO)  
Center for Global Environmental Research (CGER)  
National Institute for Environmental Studies (NIES)*

**WGIA 14**

***Ulaanbaatar, Mongolia***

***July 28<sup>th</sup>, 2016***

# Session IV

- Session IV focuses on “Co-benefits” and “Support” related to GHG inventories and/or mitigation
- The session aims are
  - ✓ To understand the interlinkages between GHG inventory preparation or mitigation, and co-beneficial activities
  - ✓ To understand GHG inventories in a broad context
  - ✓ To gain knowledge on support programs to prepare/improve GHG inventories and to do mitigation action

# Presentation & Schedule

9:00 – 9:05	Introduction to the Session	Mr. Kohei Sakai (GIO)
9:05 – 9:20	Terrestrial monitoring and GHG inventories	Dr. Nobuko Saigusa (NIES)
9:20 – 9:35	The Co-benefit Study on Greenhouse Gases Mitigation and Air Pollution Control in China	Dr. Qingxian Gao (China)
9:35 – 9:50	FAO support of MRV in Agriculture	Mr. Martial Bernoux (FAO)
<u>9:50 – 10:15</u>	<u>Questions and Answers, Discussion</u>	<u>All</u>
10:15–10:45	<i>Tea Break</i>	

# Presentation & Schedule

10:45 – 11:00	Current state of Joint Crediting Mechanism development in Mongolia	Ms. Undarmaa Khurelbaatar (Mongolia)
11:00 – 11:15	IPCC TFI: Recent Activities	Dr. Baasansuren Jamsranjav (IPCC/TFI/TSU)
11:15 – 11:30	Global Support Programme (GSP) Technical Support to Non-Annex 1 countries in their climate change reporting obligations	Mr. Stanford Mwakasonda (UNEP)
<u>11:30 – 12:00</u>	<u>Questions and Answers, Discussion</u>	<u>All</u>
12:00 – 13:30	<i>Lunch</i>	

# Possible questions for discussion

- ✓ What kind of co-benefit activities do you envision for your GHG inventory?
- ✓ What kind of support/resources are needed and useful?
- ✓ Where are the possible gaps in support/resources?

Let's start the session!
